CBD - infused coconut milk

---

What you'll need:

---

Double boiler

---

Mesh Strainer

---

Cheesecloth

---

Liquid measuring cup

---

7 grams cannabis trim - ground and decarboxylated

---

1 cup coconut milk

---

Bring water to a simmer in the double boiler

---

Combine cannabis and coconut milk in the top of the double boiler. Cook for 30 minutes, stirring occasionally.

---

Remove from heat and let cool.

---

Line the strainer with the cloth and pour the coconut milk through into the measuring cup.

---

Squeeze the solids at the end to extract all the coconut milk and discard.

---

Use right away or transfer to a clean jar and store in the fridge for up to 4 days.
